Thank you for download.

1.How to begin:

Must do before use (Required):

Must install required font before open the presentation file.
Use these free links to download and install them.

Download **OTF** version when asking

- Roboto https://fonts.google.com/specimen/Roboto
- Boldonse https://fonts.google.com/specimen/Boldonse
- Bonheur+Royale https://fonts.google.com/specimen/Bonheur+Royale

Instructions:

- Copy the font link addresses and paste them in your web browser
- Download the font links
- Install them on your system (Double click them on a Mac).
- Now you can open your template

Note: Whilst the fonts are free to download, we are not allowed to include the fonts in the .zip as they are not ours to distribute.

Hope enjoy your resource, have a nice day.
