How to Use This Template

Follow these simple steps to customize your presentation effortlessly:

1. Changing the Logo & TaglineAcrossAllSlides

* Go to the View menu.
* Select Master.
* Update the logo and tagline on the first slide (Master Slide).

2. Uploading the Template to Google Slides

* Open Google Slides.
* Create a Blank Presentation.
* Go to File -> Open -> Upload, then select your file. Done!

3. Using the Correct Fonts

* Download the required fonts from the provided links.
* After installing the fonts, go to the font selection menu.
* Search for the fonts listed above to apply them.

4. Replacing Placeholder Images

* Go to the slide containing the placeholder image you want to replace.
* Right-click on the placeholder image and select Replace Image.
* Upload or choose the new image to replace it.

5. Adjusting Overlapping Shapes

If you can’t click on a gray shape placeholder, try moving it down temporarily to access the item underneath.
